

## **Expression of interest – Evaluation Specialist**

**Position Type:** Temporary Full-Time; re-assignment of work

**Department:** FCO Operations

**Duration:** Approximately 15 months from start

**Union:** Excluded Non-Contract

**Compensation:** Range 7 (CAD \$38.12/Hr. to CAD \$54.80/Hr.)

### **Position Details:**

- Opportunity is available to current FCO staff.
- Note: this is a reassignment of work and not a net-new position.
- This role will receive work direction from (will be matrixed to) Natasha Parent and work closely with the Evaluation pod and other staff and partners as determined.
- This role will contribute to the development and implementation of Foundry's Transformative Evaluation Framework, with a focus on supporting the exploration of access across the network. This includes working with MSIs to guide conversations around understanding access at the centre and community level as well as working with partners to better understand access at the health and wellness system level. This role will also lead the evaluation of Foundry's Peer Support program.
- Current workload will be re-prioritized and redefined temporarily to support this re-assignment, discussions to be had collaboratively with staff member, staff's supervisor and hiring manager.

**Desired competencies include the following (please reach out if you're interested, even if you're not sure if you meet most/all)**

1. Technical evaluation skills: Experience with mixed methods evaluations - bringing qualitative and quantitative data together to tell impactful stories/produce actionable evaluation insights.
2. Independence and collaboration: Ability to grasp the Foundry landscape, establish priorities and implement them independently and capable of collaborating across FCO and the network.
3. Effective communication & experience mobilizing evaluation findings: Excellent written and presentation skills and experience with collective sense making to enhance the impact of evaluation findings through storytelling.
