Foundry Works

Supportive Employment Program

Foundry [COMMUNITY NAME] is removing barriers and increasing access to health and wellness services for young people and their caregivers across BC. We offer mental health and substance use services, physical and sexual health care, youth and family peer support and social services in welcoming, youth-friendly spaces.

We are excited to now offer Foundry Works, a supported employment program for youth! We offer employers a unique opportunity to partner with employment specialists to find and hire the right young people for their team.

We look forward to connecting with you, and hearing how Foundry Works may be a fit for your business!
