

### **Thank you and recognition list:**

The Improving Treatment Together (ITT) project takes place on the traditional and unceded territories of many different strong Indigenous Nations and Peoples across what we now call British Columbia. Specifically, we acknowledge with respect and gratitude the ancestral, traditional and unceded lands for the Musqueam, Squamish and Tsleil-Waututh First Nations and of the Syilx (Okanagan) Peoples.

On behalf of the Improving Treatment Together Project, thank you to the young people who shared their living expertise for this video series through interviews, focus groups and working meetings for over a year and a half to co-create *"Step by Step – A youth-informed guide to opioid agonist treatment."* Your knowledge, dedication and passion were instrumental to the production of this resource, which we hope will empower young people in BC to seek support and find a pathway to wellness that works for them. This resource would not have been possible without you.

The Improving Treatment Together team would also like to give a special thanks to Foundry Vancouver-Granville, Foundry Kelowna, Foundry Central Office and the Canadian Centre on Substance Use and Addiction (CCSA) for supporting the project and all those who provided feedback on the tool.

Thank you to Scarlet Wings Kaili for their graphic design and animation and to Hello Cool World Media for their illustration, animation and production of these videos.

Production of these videos has been made possible through a financial contribution from Health Canada as part of the ITT project, a partnership between the CCSA, Foundry Central Office, Foundry Vancouver-Granville and Foundry Kelowna. The views expressed herein do not necessarily represent the views of CCSA, Foundry Central Office, Foundry Vancouver-Granville, Foundry Kelowna or its funders.

Thank you to the following peers, service providers and subject matter experts for their reviews and feedback on content:

- Natasha Lineham, Foundry Virtual
- Team at Foundry Vancouver-Granville
- Team at Foundry Kelowna
- Team at Yale Pharmacy
- Dr. Scott MacDonald, Providence Health Care's Crosstown Clinic
- Dr. Kelly McInerney, Foundry North Shore
- Improving Treatment Together Alberta Youth Champions
