November 19, 20, 21 | 8:30 am – 12:30 pm PT (3 full mornings)

Registration Deadline: Nov 11, 2024

This training builds on foundational knowledge covered in the Walk-in, Single Session Counselling using Solution-Focused Brief Therapy (SFBT) course (WiC-SFBT) Part 1 e-learning on the IYS Learning Centre. This Part 2 training is focused on competency development through experiential practice. Clinicians will learn how to structure single-session counselling using SFBT through didactic learning, video examples, skills simulations and live support from facilitators.

This training is a requirement for all new Foundry service providers and partners who provide walk-in counselling services at their Foundry centre.
