Findings for Foundry | Issue 4 | July 2025

Sharing published research done by and with the Foundry network.

How does Foundry use data to evolve services alongside youth?

Who was the study about?

Youth (ages 12-24) who accessed Foundry services between 2018-2021:

	2018	2019	2020	2021

In-person

During COVID-19

Foundry Virtual

What was done?

Researchers used data from a central platform called Toolbox.

They looked at:
- Who is coming to Foundry and who isn't?
- What services are used?
- Any changes during COVID-19?

Based on:
- Optional surveys completed by youth who visited Foundry
- Forms completed by service providers
